### June 2024 Newsletter: Vol 3. NO. 6 Region 5 District 1

#### The President's Talking Point

This month has a significant day in which we take time to remember our fathers, on Sunday, June 16th. I was blessed to have a father who was my hero. He was a wonderful role model who taught me the importance of faith, family, love of country, current events, educational pursuits, humor, hard work, finance, accountability, and I can go on and on. What a wonderful mentor, to set me on my path toward independence.

We should take a moment on Father's Day to remember our **Founding Fathers**. "The United States of America was a collaboration among several brilliant men, focusing on enlightenment and the concept of equality for all men, regardless of birth. We use the term "Founding Fathers" to refer to the men who shaped the concept and destiny of America, including diplomats, inventors, soldiers, and philosophers. Each of the following Founding Fathers had a unique contribution to the concept of democratic government by the people, for the people. Working together, these leaders determined a workable frame of government that is now a model for citizen-guided rule throughout the world. "(Jamie, Faculty Staff March 19.2019). Remember **George Washington, Alexander Hamilton, Benjamin Franklin, John Adams, Thomas Jefferson, James Madison, John Jay, Samuel Adams, Thomas Paine, and Patrick Henry**, as there are attempts to discredit the legacy these men left all of us. Remind your family and grandchildren of their importance to American's past, present and future.

We will be sending you talking points text/emails every month on key voter topics of interest. June we will be reviewing our failing Economy and Bidenomics. Flood your social media, discussion with friends with opposing views with simple facts. Here is a talking point example: sucking the blood out of America.

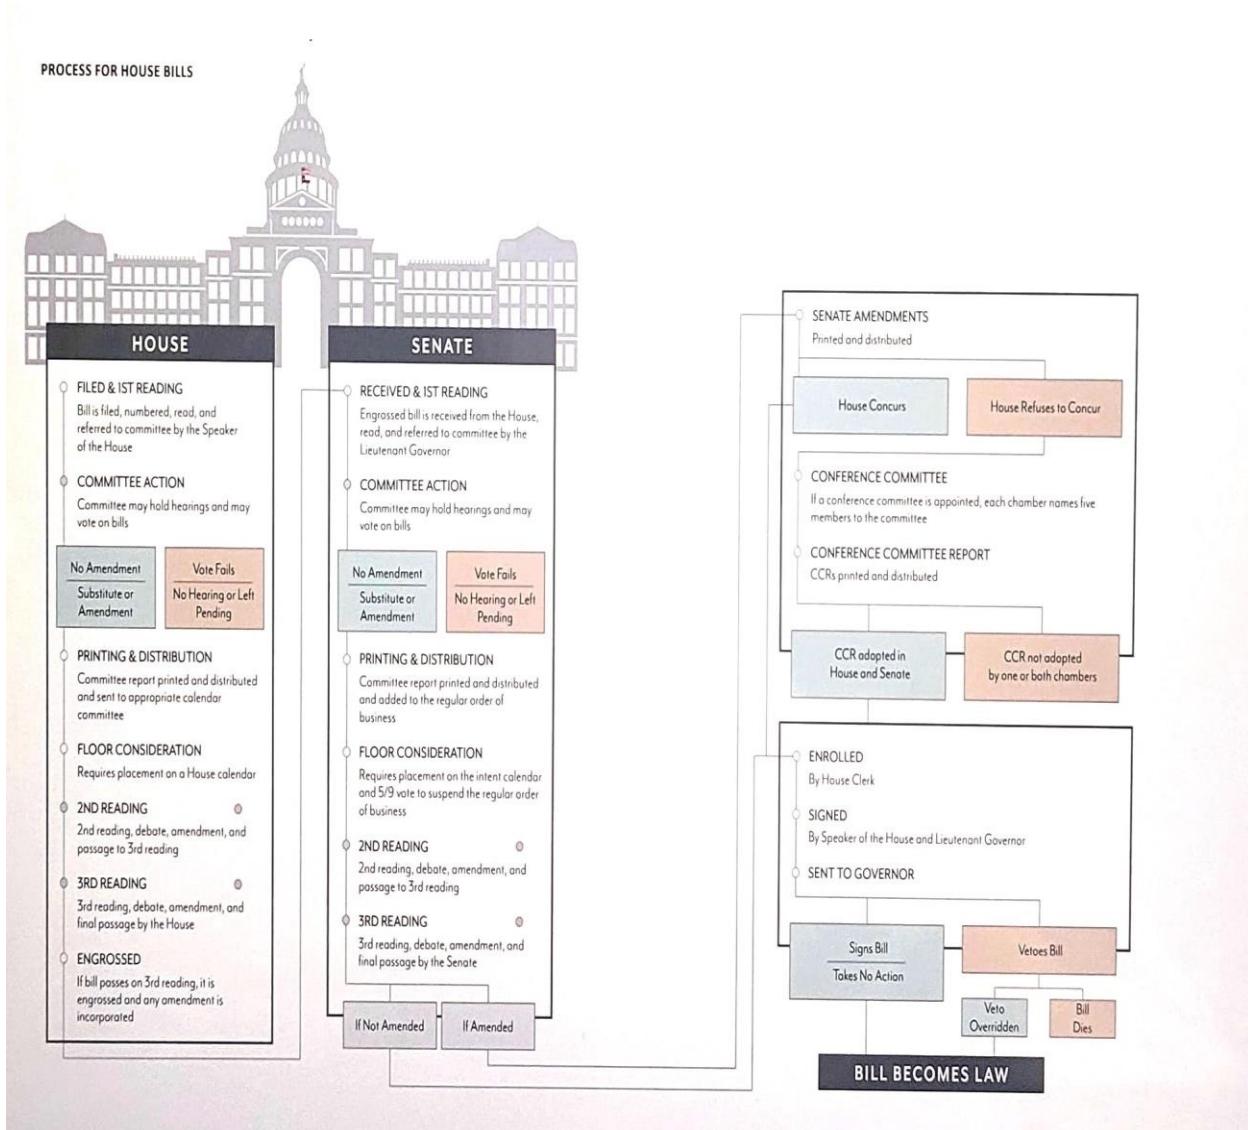

**Voting is the most patriotic action you can display. Vote like your country depended on it.**

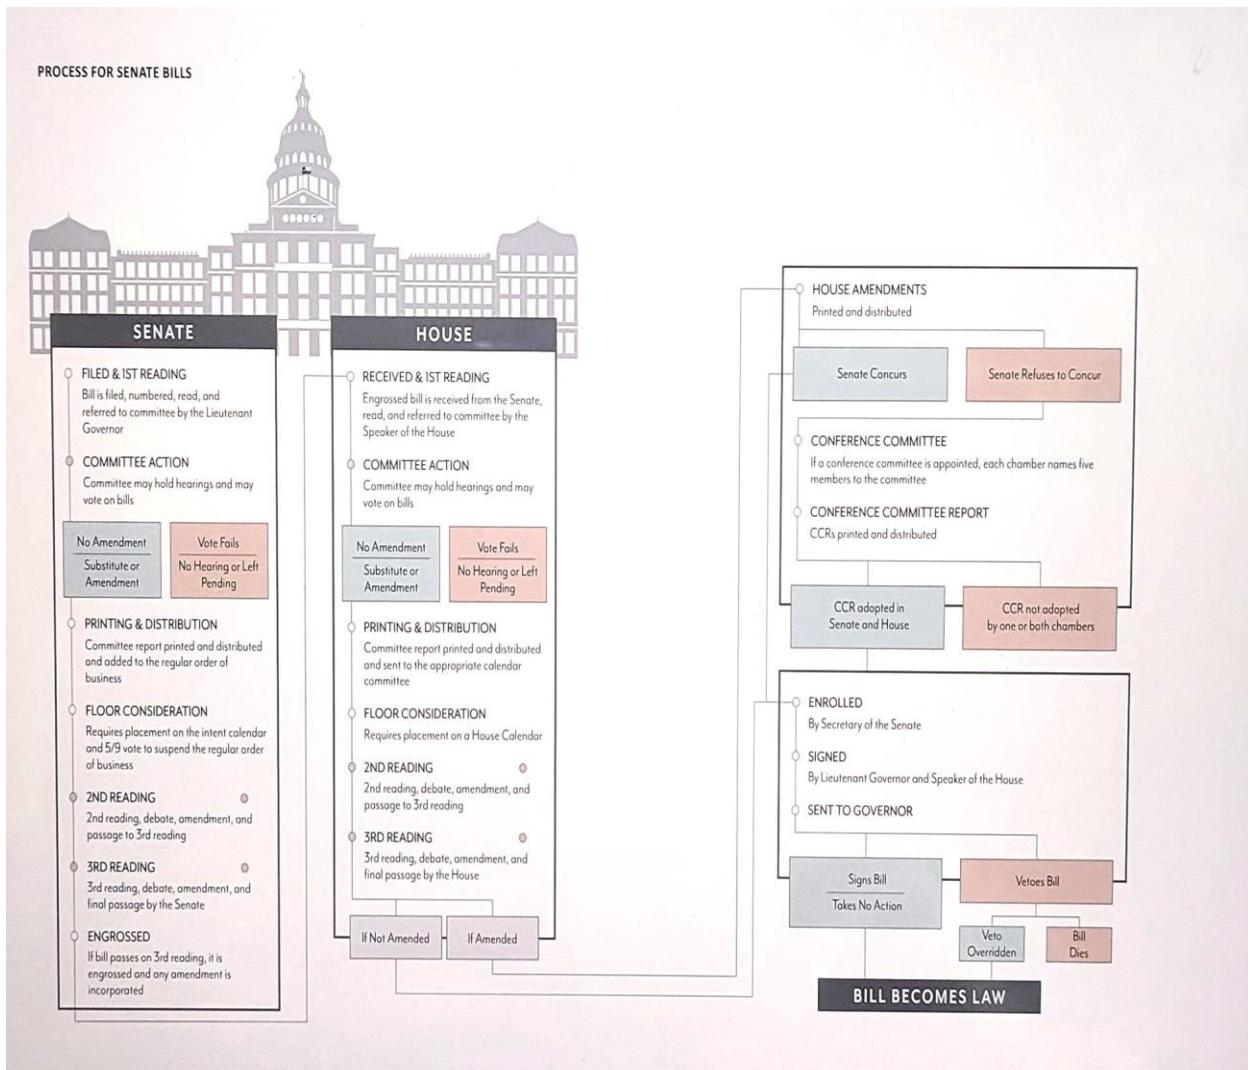

God Bless You and America
